Address: 938 Twin Bridges Rd, Fleetwood, West Jefferson Price: 200.00 \$

## Hammock

- Durable Fabric: All-Weather and Solution-Dyed Synthetic DuraCord® Fabric is resistant to rot, mold, and mildew. Forest Green on one side and white/green strip on other side
- DuraCord® Rope: Solution-dyed synthetic blend rope that balances the softness of cotton with the durability of polyester. This combination makes the rope All-Weather proof and resistant to rot, mold, and mildew.
- Oak Spreader Bar: Oak is naturally resistant to rot and insect infestation. The spreader bars are repeatedly hand-dipped in honey-gold marine-grade varnish for exceptional look and longer outdoor life.
- Rolled Rim Grommets with Spur Washers: One-of-a-kind grommet, when compared to telescoping grommets used by most of our competitors, that creates a more secure bond between fabric and ring knot.
- Zinc Plated Hardware: We plate all hanging hardware, with zinc to protect against rust and ensure an overall longer outdoor life.

• Non-absorbent Padding: Polyester fiberfill batting lines the inside of the hammock. The
